

HERE'S HOW IT WORKS.....

- 1.** Get together all that gear you don't use anymore and bring it to JROC's Outdoor Gear Swap Meet at the Earth Day Festival
- 2.** Fill out a registration form COMPLETELY & PRINT LEGIBLY — if we don't know you who are, where you live or can't read it, we can't get your money to you...
 - a.** Full name & address, including zip code, phone and email
 - b.** List each item individually. The description should be detailed, not generic. For example, Dagger Mamba not kayak, Set of 4 Yakima Q Towers not rack feet
 - c.** Price for each item. No "or best offer"
 - d.** Read the disclaimer (you knew there had to be one...) and sign the form
- 3.** Put price tags on each item you are selling. The tag must have the price, short description and your last name — if we don't know whose gear it is we can't pay you...
- 4.** Turn in your very legible, complete & signed form at the registration desk and set out your items in the swap meet area.
- 5.** Go buy lots of other people's and vendors' stuff!!
- 6.** Pick up any unsold items by 4:30 PM. Items being removed must be checked out— anything not picked up will be left in the parking lot **and is your responsibility!!**
- 7.** JROC will collect the money, take their 10% (you knew that was coming, after all it is a fundraiser) and mail you a check for the proceeds within two weeks.
